

Allowing Sinclair Broadcasting, a noted right-leaning company, to try to alter an election by broadcasting propaganda on PUBLICLY-OWNED AIRWAVES days before an election is downright awful! Additionally, stating that the broadcast is a "news documentary" is ridiculous to the extreme. What news value can there be to charges that have been hashed out in the same news media, by pundits, anchors and editorial pages, for the last six months? The fact that not one of these charges has resulted in anything closer than "unverifiable", as far as wrongdoing is concerned, takes this case out of the realm of "balanced" and into that of fairyland. There is no "balance" to the truth! Sinclair Broadcasting is mis-using the privilege we, the people, granted them to use our airwaves. They must be stopped, and punished. Don't let them kill democracy with big-business strong-arm tactics! You in the FCC, though not elected, are there to represent the people of AMERICA! Do your jobs, as well as your duty!
